PROFILE

Junior full-stack developer transitioning into software engineering from a psychology background, currently completing an intensive software engineering programme at WeThinkCode_. Hands-on experience building responsive web applications with HTML, CSS, JavaScript, Vue.js, Node.js, Express.js and MySQL, gained through a full-stack internship and ongoing project-based training. Comfortable across the stack, from designing user-friendly interfaces to building and querying relational databases. Strong problem-solving instincts, fast learner, and used to collaborating in agile, team-based environments.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, HTML/CSS
Frameworks & Libraries: Vue.js, Node.js, Flutter
Databases: MySQL
Tools & DevOps: Git, GitLab, Docker, CI/CD
Cloud: AWS

WORK EXPERIENCE

Software Development Student — WeThinkCode_ 2025 - Present

Engage in intensive, project-based learning focused on real-world software development challenges. Strengthen problem-solving and algorithmic thinking through peer-to-peer learning. Collaborate with fellow students on coding projects, applying agile and teamwork principles. Rapidly learn and apply new programming languages, frameworks and tools.

Full-Stack Development Intern — Life Choices Studio 2024 - 2025

Built and maintained responsive web applications using modern JavaScript frameworks. Developed RESTful APIs using Node.js and Express.js. Designed and managed MySQL databases, performing CRUD operations. Collaborated in a team environment to deliver functional, user-focused applications. Participated in debugging, testing and performance improvements.

EDUCATION

Bachelor of Arts (Psychology) 2021- 2024
Nelson Mandela University

BACHELOR PASS (NSC) 2016- 2020
Centre of Science and Technology (COSAT)
